The hours approaching, just give it your best
And you've got to reach your prime
That's when you need to put yourself to the test
And show us a passage of time

We're going to need a montage, montage
Oh, it takes a montage, montage

Sure lot of things happening at once
Remind everyone of what's going on,
what's going on?
And with every shot show a little improvement
Just show it or it will take too long

That's called a montage, montage
Oh, we want montage, montage

And anything that we want to know
From just a beginner to a pro

You need a montage, montage
Even Rocky had a montage, montage
Montage, montage

Anything that we want to know
From just a beginner to a pro

You need a montage, montage
Oh, it takes a montage, montage

Always fade out in a montage
If you fade out, it seems like more time
Has passed in a montage, montage
