You make that dance look so new  
And I'm in awe  
A face like you've never seen  
I'm yours tonight  
So come on  
Light the stage  
So we can all take off  
Anywhere  
We'll never come back  
Ever

You wear that cast so cool  
And I'm in awe  
A face like you've never seen before  
Around  
So come on, yeah  
Light the stage  
So we can all take off  
Anywhere  
We'll never come back  
Ever

Lie on the stage  
You picture all of us everywhere  
We'll never come back  
Ever
