What i should have been was way too possible it's  
fucked up to think like this and  
I'm waiting for her thoughts to kill me only she's not  
having a thought past thinking  
About why she was born this way this way trying not to  
forget her face before  
Remembering anyways it's the kind of structure that  
breaks with everyone still on  
The ground you don't' wat to let it hit you full force  
nothing let to guard you don't  
Want me to know you never wanted me this way this  
way you never wanted me  
Anyways she wants to forget it she wants to forget it
