I need you to let him go  
It eludes me  
How your chest keeps shape  
Without a heart  
To hold it in place  
Forcing  
Your will to something  
It eludes me  
How your chest keeps shape  
Without a heart  
To hold it in place  
I see it in your eyes  
Watching  
With your mouth closed

And I beg for this  
To let you go  
Waiting here  
And we're so fed up

Doused in flames  
So try to recognize me  
Memory fades  
To try to recognize me

It eludes me  
How your chest keeps shape  
Without a heart  
To hold it in place  
I've seen rejection  
Covered up  
It eludes me  
How your chest keeps shape  
Without a heart  
To hold it in place  
And I've seen her  
Follow you  
Write love  
Across your chest  
And remind me

What it is you said

You said you'd let go  
(And remind me)  
You said you'd let go

You feel it  
You used to beg for this  
You feel it  
You used to beg for this
