Hey there beautiful
I don't feel you
I want to be like you
Hey there beautiful
I don't feel you
I want to be like you

(Everything will fall before)
This is where it might lead us
(Your eyes to say the least)
And now it's up to them
I'll stay up and wait there
(The way you lie
Keeping my life at your knees)
Since you've been waiting
I'll show you what it means
To play out this lie
You didn't believe
I'd say such words
I dance I will be shown
And all night
She's been scared
It's out of my arms now
The clouds
Spread to see his mind
The imposter

You know you deserve
So much more
Baby, i've played too but
I don't hate the words
(Everything will fall before)
Does it make you
Feel like something?
(Your eyes to say the least)
I mean it's beautiful
How long we play
(The way you lie
Keeping my life at your knees)
I can still hide it
I'll see
The headline come in

Hey come on come all
I'm looking
To better from the sky
From the sky
