I'm here and i see you crying  
While you throw away your life  
Into an already empty glass  
You shout at me i'm a false 'cause  
You're afraid of my accusations  
But it's the fear of sinking to  
Your limits that it's killing you

(chorus)

Now take my hands and run away from this burning city  
Cause my strength has your voice  
Now take my hands and run away from this burning city  
Cause my strength has your voice

Remember when you said  
That you wished to change the world?  
Now you aren't the owner  
Of your life anymore  
And you claim compassion  
As if you don't have any fault  
Like a tree growing by the streetside  
Choked by cement

(chorus)

You thought you could solve  
Everything with your whiskey ,didn't you?  
But it's like white washing a wall  
Written over with your blood  
But when you wake up  
You'll understand that those  
Writings haven't been deleted  
And act even if you're wrong,  
But act 'cause you've got to take your own risks

Now take my hands and run away from this burning city  
Cause my strength has your voice  
Now take my hands and run away from this burning city  
Cause my strength has your voice
