Take all that you want for the last time
And run away, run far away
Â'cause if god sent the devil to earth he would be just
like you
Can't you see? The darkness that only a blind can see

(chorus)
All night long
Revolution in my head
All night long
All night long
I'm looking for a remedy
All night long
All night long
Revolution in my head
All night long
Revolution in my head

I'm not an actor who plays his happiness
I'm not a clown thrown upon the stage of the false
smiles
So now listen to this silence, please
Can't you feel that we are dying together

All night long
Revolution in my head
All night long
All night long
I'm looking for a remedy
All night long
All night long
Revolution in my head
All night long
Revolution in my head

(chorus)

This love that was true and fragile
Fragile like those who truly love
But this life is made of gears that spin
Without our will
Time and love walk

Together without an aim
The only aim is to pass and die
Leaving behind their echo
Suck my blood for the last time
Make all this immortal
....an immortal end

(chorus)
