Crossed my path and hoped to die  
You're human filth and scum  
You live to lie and steal and breed  
I was your LAST victim  
You saw an opportunity  
Easy so you thought  
You're stopped cold in your tracks  
By me you have been caught

[Chorus:]  
Absolute Overkill  
In Vengeance's Name

I will hunt you down you coward pig  
The gene pool sure has thinned  
I've been your shadow for several weeks now  
And soon by my hands you'll be skinned  
I've brought my tools and a bag of ice  
To store your trophy head  
For the torture I bestow while you still breathe  
Continues when you are dead

[Chorus]

I tolerate not those who disrespect what's mine  
Liars and thieves will soon regret their actions in time  
Those unworthy of life will soon greet slow death  
In times of vengeance I lose my mind, you lose your  
breath  
I'll make it crystal clear: do not fuck with me

[Solo]

Smash your face with my fist, a quick blow to the back  
of the head  
Tied, restrained, slowly tortured, it'll take some time  
until you're dead  
Fingers off one by one, taunted with the barrel of a gun  
Gashes, cuts, bleeding freely, your slow death  
becoming fun  
Think about how you have lived, any regrets? lets hear  
those cries!

Can I take you to the brink where you will be begging to  
die?  
You deserve this, you know it - my path crossed was  
your last  
In this world I am your Judge and you will pay for your  
(choices in the) past
