We all know someone not deserving life  
Contemplating an act of murder  
Wretched leech, human scum, thief and liar  
Instant death, loss of breath, dead boys choir...  
... sings

Overpopulation, not quite enough executions  
Laws protect the weak and the worms of our race

Diplomatic solutions always end in corruption  
Justified homicide, kill the weak and downtrodden  
Forensic evidence, will the Jury see my point  
Innocent until proven guilty - what a LIE

Mass exterminations are just one solution  
Individual laws, murder legalized

Overpopulation, not quite enough executions  
Laws protect the weak and the worms of our race  
Mass exterminations are just one solution  
Individual laws, murder legalized

Will you get away with it or will you pay?  
Premeditation must be proved  
The perfect crime, no links, no evidence  
Killing scum, seek no penitence

Justified Homicide  
You decide  
Justified Homicide  
Who should die  
[Repeat]

Let the niggers kill themselves, they do everyday  
Let fathers kill molestor's of their children  
Let victims decide the fate of their violators  
Some humans simply were born to be corpses

Justified Homicide  
You decide  
Justified Homicide

Who should die  
[Repeat]
