Joined together in pact
Signed it in our blood
Soon the time will come
Fulfill the obsession

Life is so pointless
What's left in it for me
I'm so full of hatred
And suicidal misanthropy

Rope, razor or pills
We control our demise
Exiting this world
Life fades from our eyes

Tie the knot the noose is wrought
What I seek for has been sought
As I hang waiting to die
I shall look up to the sky
Overlook the Genesee
As my life fades out of me
Hanging from a bridge
I'll be free

With the razor in my hand
I'll travel to a distant land
Slice my wrists, cut them deep
Watch the blood begin to seep
I relax and close my eyes
Feel my body paralyze
Eventually everybody dies

I place the pills into my mouth
The more I take the quicker I'm out
Fall into eternal sleep
Joined in pact that we shall keep

We control our time of death
The honour of ending our own breath
We remain in control
Onto the next voyage of our soul
Bravery... Endlessly

Eternity... Ever shall be

Fuck this world, I don't care
I don't belong here
The time will come, as been planned
It is coming nearer
