Sleep, Sleeping Beauty, sleep
It's safer in your dreams
The world is much too cold

Tired of being tired
Tired of breathing
Knowing there is no hope
I found dreams are a lie
I fell right down
Into emptiness

Sleep, Sleeping Beauty, sleep
It's safer in your dreams
The world is much too cold
I wish - I could be like you
In peaceful fantasy
I see no happy endings

No castle in the sky
Or flowers at my feet
No one to kiss me awake
Life's nothing what you thought
Nothing left for you
Go ahead and tie the rope

I will cradle you
With this melody
Give up and fall with me
Fall with Me
Fall with Me
Fall with Me
Fall with Me
Fall with Me
Fall with Me
