Everything was suppose to be all Jesus  
Everything was suppose to be all Jesus  
But it seems like everything is all Satan  
But it seems like everything is all Satan  
Everything was suppose to be all Jesus  
Everything was suppose to be all Jesus  
But it seems like everything is all Satan  
But it seems like everything is all Satan

[1st Verse]

In the new millennium  
You can't play with nobody's mind  
Man  
Deliberately messing up a good thing  
Or holding up a grind  
And  
You already knowing life's a big fight  
Against time  
Man  
Crime minds  
Really shine  
Who's dying  
Is the kind  
Man  
When some of us  
Find that life ain't beautiful  
We switch to  
Pharmaceuticals  
Your nine to five  
Ain't suitable  
For the cuticles  
I'm going bad  
Currently I keep ending up  
With even less  
Than I had  
Record company  
Is dealing me something sad  
How do you expect  
A man to sit  
And wait with three kids

For you to  
Figure out  
What Tech's SINGLE is  
Going bad  
I feel like  
I just might  
Act a fool  
When I see 'em  
Gotta a nigga  
Feeling petty  
Looking forward  
To perdeium  
I got some issues  
Most of these record execs  
Are soft as tissues  
Defecate on they self  
When they here some  
I'm gon get yous  
Understand this  
When a Rogue's at  
You're trying to hold back  
His dough sack  
And try to bozack  
And he go cock  
The 4 4 back  
You chose that  
So cut these ties  
And I'll rise  
Let's compromise  
Or else  
I'll hop a plane  
With my guys  
QDIII said  
It ain't all good  
When you sign with a record label  
Who ain't  
Had a hot soundtrack  
Ever since  
Boyz N Da Hood

[Bridge]

I'm going bad  
No luck  
I'm going  
Bad, bad, bad  
So rough  
I'm going  
Bad, bad, bad  
No church  
I'm going

Bad, bad, bad  
Disperse  
I'm going  
Bad  
Feel me out now

[Hook-Charmelle]

This life I live  
Ain't extra  
No angels to  
Stand next to  
To live a life that's better  
I'll sacrifice  
Whatever  
This life I live  
Ain't extra  
No angles to  
Stand next to  
To live a life that's better  
I'll sacrifice  
Whatever

[LeCoya LeJuene]

No one wants to see  
An angel in this world  
In these days  
To them I am  
The epitome of evil  
A found soul  
Looking to save the lost  
To them I am death  
And of not wanting  
An evil man

[2nd Verse]

For living expenses  
They gave me like  
Thirty-five G's  
Picture me in a hospital  
Shot up  
With thirty I V's  
That's what I really needed  
When I found out  
This drama  
Trauma  
Instead of moving  
I should've kept all that  
And continued to stay

With my girls Momma  
Gutter  
Living  
Got me tripping  
I'm smoking bud daily  
Gutter  
Living  
Got me tripping  
I'm going blood crazy  
Gutter  
Living  
Got me tripping  
I'm struggling like a bad actor  
Gutter  
Living  
Got me sounding like  
The Madd Rapper  
The bad influence  
The bad apple  
The bad seed  
That's me  
The bad people  
The bad karma  
The bad breed  
Mushroom tripping  
Brain's a mushroom cloud  
Finding groupies  
Tugging on my zipper  
While I'm hanging on  
To my vows  
Demons surround me  
In triple  
Stage darkness  
And taunt me  
They know I'm the good guy  
Going bad  
So they want me  
All my family remembers  
Way back in the day  
I was good  
But they doubt now  
Disperse  
I'm going bad  
Feel me out now

[Hook-Charmelle]

This life I live  
Ain't extra  
No angels to  
Stand next to

To live a life that's better  
I'll sacrifice  
Whatever  
This life I live  
Ain't extra  
No angels to  
Stand next to  
To live a life that's better  
I'll sacrifice  
Whatever

[LeCoya LeJuene]  
To say going bad  
To most  
Ha  
Never been good  
Just getting worst  
Thoughts to destroy  
And to tear things apart  
Thoughts to praise  
Adore  
And to love  
The trick is  
What voice is telling you what

[3rd Verse]

Mind state of a pirate  
I'm irate  
Used to be cool  
Till some straight fool  
Lit the pilot  
Will I be that  
Mid-town bound  
In the middle of a riot  
Or at a warehouse  
Shipping platinum  
Shaking hands with  
Violet  
No love for the bane  
False foes in the game  
The Qwest wreck was a shame  
Twas a journey full of pain  
But Tech N9NE will remain  
Hella brave  
And untame  
So make way  
For the reign  
I'm bringing Highland and Wayne  
No thanks to Qwest  
They on the receiving end

Of the gun  
I cursed you  
Everytime I climb  
You're getting fired  
One by one  
But taking one with me  
Cause she knows the true meaning  
Of a modern day hippie  
Who creates jewels off mushrooms  
And bombs sticky  
HOG STYLIN'  
Mid West Side  
And Newday  
And King Tech & Sway  
These are the people keeping me alive  
To this day much love  
QD said  
You can't make rell  
With a label who let  
Tipper Gore talk shit  
And made 'em take Ice T's cop killer  
Off the shelves

[Bridge]

I'm going bad  
No luck  
I'm going  
Bad  
So rough  
I'm going  
Bad  
No church  
I'm going  
Bad  
Disperse  
I'm going  
Bad  
Feel me out now

[Hook-Charmelle]

This life I live  
Ain't extra  
No angels to  
Stand next to  
To live a life that's better  
I'll sacrifice  
Whatever This life I live Ain't extra No angels to Stand  
next to To live a life that's better I'll sacrifice Whatever  
[LeCoya LeJuene] Right now I can't distinguish Which

voice I'm listening to Am I evil Or just another lost soul  
Going bad Or just been bad And getting worst
