[Intro:]

This Tech N9ne baby  
And I don't do just one thing  
I'm everything  
If I did one thing  
All y'all would agree  
But you don't.

So you want me do some madness  
Y'all want the crazy shit  
But I just wanna kick it sometimes  
Drink some Caribou Lou and KC Tea

They want madness  
Anghellic and sadness  
Fans relish when gladness is damned  
Devilish and ashes

But I like this cash  
This massive magazine ad  
Gets crackin  
Attractive chicks passin  
Is rap and actresses never asses

They want the clown  
The paint and the evil frown  
The drinkin, the needle now  
The taint and no feeble sounds

But I need your pounds, your pesos  
Your people down with this label  
And I be so bound for that halo when I be low ground?

They want that black magic  
That savage with bad habits  
Grab at and stab rabbits  
The maggot that has cabbage

But I'm at that fast status  
With swagger that's past average  
My glasses and rag matches  
Don't mean flag and it's no blast added

They say bizarre he went  
They love him and dark he vents  
Popin the chart  
He sent naughty shit to everybody's tent

I wanna be at the party bent  
Listenin to Parliament  
Sorry this part of me's a gnarly gent  
They call me

Harvey Dent

People be  
Talkin bout  
This an that  
Sayin it

And I hear  
Can I get

Back what I  
Started with

Want me, want my old shit, buy my, buy my old albums  
Want my old shit, buy my, buy my old albums

Harvey Dent

They want the demon  
The animal that spread the semen  
The cannibal  
Sign of the heathen  
Who's eatin meat 'n no vegan

But I get my fees  
And I'm reachin for the decent skis  
And a piece of the be frequent beats  
And the freak and be hit the cheesing

They want the dark knight  
They want a bar fight  
Hard bites  
Art is the smartest thing  
In this scarred life

Women that's our vice  
They starin at our ice  
Matter what's at the tar lights?  
But I hittin the car twice

They want that killer clown  
They want the milla sound  
Gorilla that pill ya for scrilla  
But I hold the villa down

I'm chinchilla now  
With maxzilla I tap chillas  
You rap niggas you hate  
But it's still a crown

Just call me two face  
On the right side I got healthy pearly whites  
On the left side I got a tooth ache

I'm Asmodeus but then I'm Master Farah?  
Black people think I'm a devil  
White people think I'm a God

People be  
Talkin bout  
This an that  
Sayin it

And I hear  
Can I get  
Back what I  
Started with

Want me, want my old shit, buy my, buy my old albums  
Want my old shit, buy my, buy my old albums
