In heaven but the hell still with me
Cops pull us over yo my name Bill Bixby
That meaning a blink, I'ma do the opposite of shrink
And blink ya but I do not want to clink,
I need a drink vodka, cognac, rum, whiskey beer and
tequila
I don't wanna think, I need a drink
Whether wine, or moonshine, whatever
I'm just trying to ease my mind
I need a

Big fucking cup, shit's fucking up, this fucking sucks
Everybody broke cause they no job
Quick scuff and puff lick up and huff pissed cuss and
fuss
Everybody told one and go rob
Mama need John Knox village
And that's a lot of cheese from my skrillet
But that don't matter though cause for mamas health
you know money gotta go
Radical, stab ya, no over me, like data's compatible
I don't know why these employers ain't calling me
Constantly, stalling me, fuck this economy preacher be
telling me, read Deuteronomy But in all honesty,
fucking astonish me
When we broke nigga, look that as a joke nigga
But I'm a go getter, hop up like a fourwheeler
The jacker dope dealer, run up in your hood
Chopp and all stood with the k till it was all good

In heaven but the hell still with me
Cops pull us over yo my name Bill Bixby
That meaning a blink, I'ma do the opposite of shrink
An blink ya but I do not want to clink,
I need a drink vodka, cognac, rum, whisk beer and
tequila
I don't wanna think, I need a drink
Whether wine, or moonshine, whatever
I'm just trying to ease my mind
I need a

Club so I can just geek just jig to it
Now I'm dunkin every peer cause my nig blew it
And how we swanging on a nigger ain't a funny sight
I still gotta get my motherfucking money right
Hella strong I put the I might
Take a truck off a stunner with the lion's bite
Fuck sittin with nothing I ain't about to cry and gripe
Just gonna live my every day like the Mayans right
I ain't bullshitting, I'm a lost soul
My kids growing and they need shits that cost dough
My homie got shot right outside off of all foe
I need a cross yo,

I need a drink vodka, cognac, rum, whiskey, beer
tequila
I don't wanna think, I need a drink
Whether wine, a moonshine, whatever
I'm just trying to ease my mind
I need a.
