[Hook]

Could have could (4x)

[Verse 1]

Listen, I know I'm always gone
And I ain't never home, and plus you barely ever hear
me on the telephone
Just tryin' to sell a song, to my bride (and jealous?)
known, and my hell
Is showin'
But if I rest it's just like I'm my melish thrown, all the
way all the day
All they say
Call the way, a loved one calls to say all's the bay hog
and stay for a
Holiday
But I'm far away, gotta pay, lotta kay, from my
daughter's waist under
Their mama's
And they sobbin' when I'm away, but I gotta go get it, a
lotta dough in
It
A hundred percent I'm in it to fly a rope with it, Tecca
N9na be breakin'
It up
When I dough spit it, but it get to me when the family
no shit it
Becomes hella hurtful
Yo, feeling like I'm running around in circles, if I could I
would stomp
With the mic in a circle

[Chorus]

What if I could, I would be good
I would be there for you just like I should
You wouldn't cry when I say goodbye
For the reasons, do not tell me why
But if I could, I would be good
I would relieve you, you think that I would
It feels like I die a little inside, know that I hurt you when
I say
Goodbye

[Hook]

Could have could (4x)

[Verse 2]

Check it, I know your heart is skippin', cause I'm on a mission

Your eyes and schnauze are drippin', cause your dog is missin'

And you has brought him wishin' he wasn't a fricken politician

You want his and you hope and pray that God is listenin'

You wanna frolic with him, but he gotta get them, dollars

Give them all of his grin, pile of scripts, and they all assist him

Now he's balla big and tall and you're fallin' friction

Cause you missed your body's twitchin' throbbin' from his rod incisions

So you started fishin', websites and call and bitchin'

Thinkin' some broad is nibblin' on his dick and y'all is driftin'

But he just say nah to chickens, all of this when cause is given

If I could I would dissolve (would dissolve, would dissolve)

[Chorus]

[Outro]

Just trust me, please just trust me

I'm doing all of this music, so we can go all over the world

I swear to God, I'ma take you all over the world baby

We're gonna go, to Hawaii, we're gonna stay for months

You always knew I wanted to go to Hawaii

And we're gonna go all over the world baby

Just give me time, I gotta get this right

Doing up some world tours, I swear to God we're gonna go

All over the world, we're gonna take road trips

We're gonna go, to Japan, we're gonna go, to Africa

Wherever you wanna go, all I need, is a little bit of time

A little bit more time, all I need is, time.
