[Hook 2X]

Threw her in the trunk
Was tryna smash, Get her cash
But her mouth was hella fast
So I threw her ass in the trunk
And even though she had a big plump rump
I threw her in and let the beat bump
Threw her in the trunk, Aye!

2K11
Ridin solo in the Benz on twens, Hella low pro
Slangin CD's out the trunk for more dough
My Mojo said, "A thick bitch" so I dove slow
I pull it over, Tryna get up on her bumper
Wantin to crunch so I say, "Baby, My new CD is a
slumper"
It'll make the trunk thunder
Girl, Your rump give me lumber up under the sheets
I can put you in a real deep slumber

She said, "Fuck Tecca N9na", Didn't feel her
Did everything within my power not to kill her
Disrespectful bitch, I really wish that I can grill her
Light in my headin said,
"Put her in the trunk, man, You can steal her"

I put the hater-bitch in headlock, She flippin out
I pop the trunk, She crunk but I aint bout to chicken out
I'm sick and tired of being nice and lettin shit go by
She said, "Fuck that Tech N9ne bullshit", So I...

I'm bumpin everything that beat like Gangsta Shap
I bangs the rap in her ear till she gives thanks to that
Never take a prisoner where you hang your hat
Imma roll around with her in the trunk
Pumpin that Tech N9ne slump
Till the little bitch faint, collapse
Imma roll through Topeka
Tecca N9na'll reach ya if I got a double back to Eureka
Crispy flows through my tweeters
Bumpin "This Ring" when I roll through Atita
Wait a minute, I think this bitch is tryna kick a hole
through my speakers
Got my gun then I opened the trunk and said,
"Get out the goddamn trunk"
"Get on the ground, Take off your goddamn belt"
"Put it around ankles, Imma tie up your wrist myself"
"I just wanted to drink and show what the dong could
do"
"Bitch, The hell wrong with you?"

Aye, The hot sex was not slam dunked
Rode for hours then stopped I right off Van Brunt
Want a bitch talkin crazy like a lost man's chump?
Short say, "I throw a bitch in the goddamn trunk!"

Hours turned to days, Days turned to weeks
Had to drill holes in the trunk
So she can drink and eat whatever I stuffed through
the holes
Hotdogs and Ho Ho's
Kidnapped in a low-low, Spoke no more
Oh no! Go slow, There the po-po
I gotta ditch this bitch with the quickness
Man, I just remembered this Benzo was lifted from
Swope Park
That's where I'm bout to go dart, Let her know art
For the evil bitch and the brainless witch with no heart
It got so dark

[Newswoman]
Police are still looking for 21 year old Crystal Nelson

Who has been missing since last Sunday
Friends and family told police
That they thought this yet, Another one of Crystal's
weekend excursions
But after all this time, They're still worried sick

[Tech N9ne]

It's been fun mamma
Fed her my catalog like Adderall
Fucked up in the trunk with rump is how I had her y'all
In a ditch, Walked back to the trunk
Wicked is how I sounded
Whispered, "Bet that you love Tech N9ne now, bitch!"
Threw her in the trunk!

[Policeman]

I think I found the missing Mercedes
Here at Swope Park in a ditch near shelter 5
It appears the car is still running
Music playing, I'm approaching the car now
Let me turn down the music
Imma go ahead and pop the trunk
There's an African American female in the trunk
She's tied up and appears to be delirious
Could be the girl that's been missing from last week

Threw her in the trunk!
