*[1st Verse]*

One  
And then comes the two  
To the three  
And four  
Two-thousand Techa N9na  
Is hardcore  
With a K  
See me step up on the track  
Like a thug  
Make it pound  
At West end  
Then make a dub  
To the homies in jail  
When you making bail  
Time to act an idiot  
A lot  
Not just a little bit  
Watch when Kansas City hit  
Tech N9NE's gonna  
Spit it  
You want this record  
Cool  
Go get it  
Hot when the flame's lit  
Gloc where the bane sits  
Shock when the pain quits  
Pac would've banged this  
Instantaneous  
When I aim at the miscellaneous  
Ask me ask ask why why  
I'm the strangest  
Because  
Nobody ever wanted me rapping  
But I knew within me  
I could make it happen  
Flipping hella different  
To get it cracking  
Never biting nothing  
I was never jacking  
Millimeter spitting

Ripping up a show  
And got the people trippin'  
Everywhere we go  
And now we getting  
You to know that misery  
Is coming  
We were summoned  
Now the haters running  
When we gunning  
Yo  
You don't know  
That I'm 'bout to blow  
K C M O  
Better bang this  
People make there jokes  
And say we're off to see the wizard  
Well me and Dorothy  
And Toto's on your ass  
When you visit

*[Hook]*

It's alive  
Aw hell  
It's alive  
Dod Gwamn  
It's alive  
Odd Male  
It's alive  
I am  
Been in the dark a minute  
But now I made it through it  
This Kansas City  
Imma show you how we do it.  
We say walla milli dollar  
Then break a lot a jaw

*[2nd Verse]*

Who would bust like  
My style it's ruffcut  
And it's  
True hood stuff  
Bright hot wild mystic  
Plus mannish  
Alien nation  
Invasion  
Black White and even Asian  
Is gazing  
At the raised  
In misery faze ravin'

For the crazed heaven  
Six six  
Triple eight  
Forty-six  
Ninety-nine three  
We back  
Sick with nickel plates  
Whorey chicks  
Mighty mine be  
We pack  
Just when you're knowing  
Where I'm gonna be  
I vanish  
Step into my brain  
Got it so dark  
That you can't see  
Godd dammit  
Your flows come in  
Your flows go out  
My flows eternally  
Coming out your mouth

Your makers in  
Some haters doubt  
And yes it's pitiful  
Not even pinnacle  
Better know when I bust  
I can do it everyday  
With a mind full of lust  
If you really must  
Get with a N9NE millimeter gun  
Then trust  
You'll get left in the dust  
Everybody better move  
When I groove  
Imma hit 'em with a bus  
Anybody with a bigger mouth up in here  
Better hush

*[Hook]*

It's alive  
Aw hell  
It's alive  
Dod gwamn  
It's alive  
Odd male  
It's alive  
I am  
Been in the dark a minute  
But now I made it through it

This Kansas City  
Imma show you how we do it

*[3rd Verse]*

Kansas City City City  
That's where I really wanna be  
Grime and gritty gritty gritty  
Back up when I throw that V  
Up in the air air air  
That's five seven R D V  
And you know nare nare nare  
That'll represent  
Like me  
Yo we did it in Kansas City  
Yo we did it  
Like Biggie say  
Much love  
My left mind  
Said Tech N9NE is Iggy J.  
You can find me  
Off in Kansas City on Saturday  
At Maniax  
Or at the Motel 6  
Laying up with two chicks  
The Lenny and Squiggy way  
Or Jack  
Tripper  
I'm Tech the rap  
Ripper  
On Cognac  
Liquor  
I'm Tech the gat  
Clicker  
I'm up on that  
Thicker  
Than water track  
A whipper snap  
Who's trying to bring  
Tony Kannedy  
Del Shawn  
And Chipper back  
Signing off  
Rhyming off  
The wall constantly  
Timing off  
Never that  
Clever raps the comp can't be  
Creeping  
Seeping through the crevices  
Hella beefing

Thinking they can stop  
The heart of Kansas City  
But the heart of Kansas City  
Is beating

*[Hook]*

It's alive  
Aw hell  
It's alive  
Dod gwamn  
It's alive  
Odd male  
It's alive  
I am  
Been in the dark a minute  
But now I made it through it  
This is Kansas City  
Imma show you how we do it  
It's alive  
Aw hell  
It's alive  
Dod gwamn  
It's alive  
Odd male  
It's alive  
I am  
Been in the dark a minute  
But now I made it through it  
This Kansas City  
Imma show you how we do it  
We say walla milli dollar  
Then break a lot a jaw
