A lot a men never sinned on the Hen
Where ya been boy boy where ya been?
It'll have ya wit her again and again
Even strong enough to do her lesbian friends
If you can't handle her then hand her to me
Cuz im at five of em and I'm bout to hammer the V
Even got it set up for the camera to see
I'm wit her but I'm really picturing Angela Ye
She aint wearin nothing but Pradas on her feet
KC Tea got me really supersonic in the sheets
Hittin harder than sticky icky chronic on the streets
So nice to wake up in the bathroom aint no vomit on the
seat
Bartender made it right and I'm sure because it tastes
sweet like canddy
Yeah, and Ludacris you can make it with Conjour
And 40 you can make it with Landy but Authentic is the
