[Intro: Tech N9ne]

Aw shit, Aw fuck

Me, Kali and Ces we go to get bucks

On the path but didn't think we'd get stuck

By some crass lads that's 'bout to get tough

And they play not, temperatures stay hot

And don't nobody be relaxin' when on they block

Like it a yay spot, never let that pay stop

Unless you wanna be trippin' with Kutty and Jay Rock

[Verse 1: Kutt Calhoun]

Bad Flames, Feature Presentation, Raw and UnKutt

All of 'em undeniable classics like who they come from

Most talked about on the internet

Nigga I been a vet

Eleven years strong, still holdin' on

And I ain't finished yet

Red headed-est step child

It's a plague spread to accept how it is

Wanna see me fall get me out the loot

When all I've done is respect how it is

Now I gotta turn into a nigga you once knew

No mo' papers off

Probation I'm a cold case

He gon' sho hate it

When I throw a bomb like Troy Aikman

To do damage you walk in a bunch huh?

When you niggas are really the punks huh?

In the hearts of men, I'm seeing cowards

Where you niggas is at when the funk come?

Smoke a blunt to that

When the funk ensues you resort to rap

Said you was all in, 2 on the 10 you must distort the facts

So I pledge allegiance to only me I only breathe

Eat to shit, the chrome's in me [probably wrong]

The only misconstrued message in the song you see

Is it's not arrogance, this is what it's grown to be

[Hook: Krizz Kaliko]

See you can tell be the way that I use my wealth I'm

cocky

This the man right chyea as to ya'll out south I'm cocky
And if you ain't figured out what we talkin' about
I'm the one they all talkin' about
And if they hatin' me that only mean my name in they
mouth I'm cocky

[Verse 2: Jay Rock]

Pull up to the spot, watch the girls all pause
Like a dirty ass dog house, drawers gon' fall
Bitches get wet when they see that candy paint
Soak yo dick through them boxers 'cuz you got bank
Shout out to them shock collars(shot callers?), niggas
got rank
Death to you snitches seen a light Drake
I'm all the way silent, I will never break
Pillow talking to them hoes, you all the way gay
The problem is niggas never know they place
Just know your role, play your part and you'll be straight
But niggas crooked like D-Bo eye
And could never ever see why we so fly
You either gotta go home or go hard
Keep a bad bitch with a good job and good jaw
Black strap on me, yeah you can tell when I walk
Pitbull of the leash if you flinch I'mma bark

[Hook: Krizz Kaliko]

[Verse 3: Tech N9ne]

You thought we through
Stop the bull talk
We rule papi
Smooth
Knock these fools off me
Boo sloppy
How I have they bitches bukakke
Move awfully cool hotty
Slob these jewels softly
Who's naughty?
Shock exudes bossy
Dude's cocky
Soowoo got me blue blocky
When I do shop
At the woowop
I bought the boo jockey
My Gucc watch
Perfuse rocks
And I be loose of the Caribou Lou
Mami your poonani
Saw me and got tsunami
Tech's elated I'm rated

They say the greatest
Paraded my lastest
Pages I created
And the news shot me
That's why I'm hated
You faggots is weak and dated
When I spray this place and do away
With all this fakin then erase it who'd stop me?
It is evident, that you wonder why and where her
cheddar went
That look on your face I'm seeing I'd rather get
When your boo prop me
I'm a sedative
Cuz I beat it repetitive
Used twat b
All in ya mouth and you never knew charlie

[Hook: Krizz Kaliko x2]
