### "Last Sad Song"

(feat. Krizz Kaliko)

*[Krizz Kaliko - Hook]*

Dont you pity me no mo just pray for me  
That this'll be the last sad song I have to sing  
And only time will tell if you stand here with me  
And this'll be the last sad song I have to sing

*[Tech - Verse 1]*

Hey  
Y'all know my mothers sickness  
Y'all know I'm breakin down  
Y'all know when my circle the devils steady makin  
rounds  
Y'all know I'm missin my children cuz I'm shakin townz  
And y'all love my music and how sad I could make it  
sound  
I'm in the darkness so low I'm under the carpet  
Whomever wants me to park it you motherfuckers are  
heartless  
They wont be stuck with hardships want a unhappy  
artist  
But Imma break apart from this kod shit regardless  
Of whos mad  
Alotta my shit is too sad  
Like the death of micheal jackson  
Motherfucker whos bad  
To jump right out of myself  
This shits a fight on my health  
The darkness is sellin but I really wana put y'all some  
light on the shelf  
Will you still be  
Able to feel me  
Even if I'm not talkin about tryin 2 kill me  
The king of darkness can no longer conceal me  
This could be my last sad song hopin it will be

*[Krizz Kaliko - Hook]*

Dont you pity me no mo just pray for me  
That this'll be the last sad song I have to sing  
And only time will tell if you stand here with me

And this'll be the last sad song I have to sing

*[Tech - Verse 2]*

Yeah

I want some caribou lou

I wana see areolas chicks on my sholders instead of  
boo hoo

Like I said I'm too through with spreadin

All I wana hear is my peoples say tech go head and do  
you

Y'all love my pain and I was glad to give it

But most of the people who love it never really had to  
live it

Now they mad and live it

I dont want no sad to visit

My music thinkin I'm about to lose it so they bash and  
diss it

Before they even hear what I have comin this year

Imma be that lit spear lets get some of this shit clear

I aint switchin 2 mainstream only what is happenin is

You watchin the mainstream go me

So watch me bloom out of this blackened cocoon

Cuz if I go back into gloom I'm just askin for doom

Man I'm just rappin to whom to keep attacking my

tombs

I dont wana be melacholy til I put my ass in a tomb

*[Krizz Kaliko - Hook]*

Dont you pity me no mo just pray for me

That this'll be the last sad song I have to sing

And only time will tell if you stand here with me

And this'll be the last sad song I have to sing

*[Tech - Verse 3]*

Listen

Only time can dictate if ill get straight

But I'm reachin for the light as of this day

I love kod but I think I made a mistake

By lettin negative energy in me now I'm misplaced

I lost something along the way

My mama taught me bad things are wrong to say

Still I conjured up a album of songs to play

For the dark and alot of my loved ones are gone today,  
damn

I'm in a crossroad

I'm tryin 2 go into the light like carol ann there I stand  
still a lost soul

On the subject on when I talk low

I'm ready to dangle this darkness at the top of the  
catacoums and toss those

But will you still be with me

Or just kill me quickly  
Away with the darkness but I promise the flow will still  
be sickly  
I am the king and I always have the throne  
But I hope and prey for tha brighter day  
Hope this my last sad song

*[Krizz Kaliko - Hook]*

Dont you pity me no mo just pray for me  
That this'll be the last sad song I have to sing  
And only time will tell if you stand here with me  
And this'll be the last sad song I have to sing
