(Verse 1)

Where i'm at right now, I ain't got no tolerance for
somethin stupid, or hatred, or envy.
If you bringin any one of those, How bout, Leave me
alone.

They pray i'll free fall any day, Well I don't need yall
anyway.
Negativity give me nay ya finna hear me say.
Just leave me right here with my henny-say my chicks
an plenty pay.
Your boy Tech done blown, an still rep the home, but
now I just wanna be left alone.
They wish death and my flesh and my chromosomes
slept my songs, they need a little bit less Patron.
And they holler the weirdo, when i walk in the spot,
The zeros pissed cuz they ladies wanna swaller my
hero.
They live in squaller and fear though they daughter
come here though, she know I keep plenty Robert De
Niro. You punks will never get to see me let a tear go.
Started hatin the second I busted a mere flow. I just
want you to get some gones, not near no.
Negative energy that is a remedy, hey yo listen here
bro:

(Chorus)

Stay away from me
Please stay far away from me
Leave me by my lonely
Just let me be
Stay away from me
Please stay far away from me
Leave me by my lonely
Just leave me alone

(Verse 2)

The hood don't play me huh, Treat my strange music
like rabies huh
They be sayin tech nina he crazy huh.
But you want me on your video
and cd.

You elementary rappers are straight remedial, A.D.D.
I'm in my own world partna, and you don't fit there.
All your tech hatred has got you soundin like a bitch
player.

And this is to multiple haters and I swear it, ain't about
a pass but if the shoe fit wear it nigga.
Its a size N9ne, wanna step inside mine?
It'll feel like you died tryin, and you will know that I can't
buy time, for you to catch casper its high time.
You tried crimes against me cause you couldn't follow
the guidelines.
They say respect your elders, you best go tell the lord
forgive you cause whats next yo failure.
Just leave me where its less your hell bruh.
Invest your mail to somethin that sell cause the Tech
don't smell ya, Tech gon tell ya:

(Chorus)

Stay away from me
Please stay far away from me
Leave me by my lonely
Just let me be
Stay away from me
Please stay far away from me
Leave me by my lonely
Just leave me alone

(Verse 3)

We be singular, numero uno ichibon.
They want my doom and my funeral, psycho bitch be
gone.
Losin my lithium quickly this chick done hit me don,
and bit me on my finger, tell Trav to get me bond.
Cause if it happens again, if it happens again, imma
psssstst BOY!
I wish I had no problem with smackin a friend with a gat
be snappin a chin.
But i got chicks that wanna get it in, for sure.
I'm takin all the crazy ho's outta my lady mode, i'm
done with the oldies, nothin but new shit in my radio.
Leave me solitary cause the way she go is shady
though.
It's later for there he go, no more Tech N9ne let the
baby know.
All of ya need to try clit, and straight deny dick.
Leave us alone cause you mentally damaged, no try
sick.
I wish I wasn't a star and the gentleman would die
quick.
So next time you trippin,
i'll flip and hit you in your eye bitch.

(Chorus)
Stay away from me
Please stay far away from me
Leave me by my lonely
Just let me be
Stay away from me
Please stay far away from me
Leave me by my lonely
Just leave me alone
