

Tech N9Ne "Little Pills"

Visit "[Little Pills](#)" on MotoLyrics.com

Try to break threw it's life or never, (it's like I'll never make it)

Or make it better (give me pills let me take it)

Can't change the weather (yeah),

And I'm going back to where I've been,

Hope somebody lets me in,

I need shelter,

From myself, if u can hear me please send help,

[Hook]

It's keeps raining in my mind,

Another storm another day,

These little pills won't change my mind,

Cuz they don't make it go away,

Keeps on raining in my head,

Another storm another day,

These little pills won't change my mind,

Cuz they don't make it go away,

(Keeps on raining)

It's Over.

[Verse]

Can only see myself is anybody here,

(I aint even myself no more)

If u could be myself you'd understand me clear,

(Can't pick myself up off the floor)

N if I died today it would take my pain away,

Cuz it flooded, (flooded)

N I'm drownin' (drownin')

Boy it's liberating me,

[Hook]

Lets find a way to run away from life,

Full of pain and strife,

Which direction I'm going I can't tell now,

Mister 7/20 nina tell me I'm hell bound,

The IRS is on my ass for the check that I didn't cash and

the levey from child support felt like I fell down,

So I'm lookin' for extacy pills tech is the next to be

thrilled seconds from method we I'll daily,

My brains cookin' the recipe will beckon the best of me
killed sections of stepping I feel crazy,
Hit the club in the night with a lil bit of drug in my life
and I'm sure lovin it real hypey I'm delivering,
With my seat out my site, seperated from my wife in
the middle of a crisis I'm high shakin' and shiverin',
Rolling balls I'm elated I'm going dumb now drinking
liquor I'm faded n havin fun now loaded gun and I'm
tripping with everyone around keep me stuck in the sky
I never wanna come down
