[Hannible]

Back to rip shit
Crush yourself; it's the lunatic
Strapped with my chrome to they domes
And leave your fuckin' wig split
Competition fear me, they can't get near me
Step into the circle and I'll take you on a dream through
my Elm street.
It's reality that you're facin'
The funk will surround you, then you'll start shakin'
Welcome to my concentration camp
There's no need to try to run, 'cause I've gotcha caged
like a rat!
I know ya feel the pressure, from your head to your
feet,
wishing that you could wake up from this deadly sleep.
But there's no way out as your heart no longer beats.
You breathed your last breathâ€¦ hehâ€¦ death..
Takes ya 'round the corner puts somethin' mad on ya
You're lost without a clue, bitch, oh, by my voodoo
You wake up with screams, knowing what you saw was
no illusion
You're going crazy from my mad confusionâ€¦

[Tech N9ne]

Flippin' about ta flow
And about to bust anotha
Hangin' from a nuse in this!
I won't be talkin' about no upside down crucifix!
No relation with any Satan, me, a Don Juan
Never commin' evil like the necronomicon
My word is Bond if you enter!
What I'm into is a psycho-flow-rhythmic-hymn with triple
limb
Now ya know
Millimeter, nigga, bring 'em all with the wreck game..
Rip foo's like Singapore with the wet pain-
Ful, niggas..Hangin' under (underground)
The level of madnessâ€¦Step into some real shit and
feel this! Why?
I have no time for the punk shit

Run it back, run it back
Tihs knup eht rof emit on evah i!
And now I gotta hold on that encephalon!
Me havin' dreams makin' green like the leprechaunâ€¦
(How'dya like the gold buckles on me shoes?)
Keepin' ordinary minded people confused from my
mad confusionâ€¦!
