Man lives in a sun lit world of what he believes to be  
reality

But there is unseen by most, an underworld  
That is just as real but not as brightly lit, a dark side

Darkness, I can write a verse and take the sun away  
Darkness, say goodbye to light because it's gone today  
Darkness, ain't no smiling happiness is done away  
Darkness, watch me paint a pic that'll make you run  
away

I don't really give a fuck what you think of me  
I had it up to here, yep  
Follow me into another dimension of insanity's right  
here, step

I know your feelin' it, I'm lovin' you  
When I'm kissin' 'n' fuckin' you 'n' in a minute I'm a veer  
left  
An' by the pluck of the jugular see the blood of my  
lover  
And then I finish when you're near death

I'm sorry but I mean it 'cause when I got the tool on  
bitch  
I got bulimic up in her like a gynecologist with a penis  
And when they bled on me I was giddy and never  
squeamish

Bad as a demon, I cannot get rid of her  
I really rely on the feelin' of the sex an' the red of a  
woman  
Can I take a bite of your cerebellum?  
I think it'll really get me up if I could be suckin' your  
serotonin'

I'd rather just die than inflict any pain on somebody  
Who truly put trusted me  
Better yet I just make her suffer  
Who taught me 'n' mocked me 'n' fucked with me

Maybe get up in the club and shoot it up

And make 'em panic at the disco  
[Incomprehensible]

I can paint a dark picture  
You don't want me to start with cha  
Don't want me commin' with the heart, hit cha  
Chew you up and if you really tart, spit cha

After the brain I put the lemon moraine in  
Blood of a dame is what I drain my fang's in  
Take in the spirit and the body it came in  
Away from the sun 'n' forever you can remain in

Darkness, I can write a verse and take the sun away  
Darkness, say goodbye to light because it's gone today  
Darkness, ain't no smiling happiness is done away  
Darkness, watch me paint a pic that'll make you run  
away

Darkness, I can write a verse and take the sun away  
Darkness, say goodbye to light because it's gone today  
Darkness, ain't no smiling happiness is done away  
Darkness, watch me paint a pic that'll make you run  
away

When I'm all up on a pallet  
A pain with blood of my name in vain sun up in it  
I'm gonna break it down the walls  
And try to stop me from poppin' my gun up in it

Skits onto me, honor me for the time  
Never given to the rhyme in another mind  
Lookin' like a nice guy behind the face be the beast  
Of another motherfucker that be heard the least

So many here me when I say they can  
That I remember everybody that laid me astray, yo fuck  
'em  
Nobody but my closest know about my darkness  
And when they fall away, yo fuck 'em

I'm to sick that I never checked outa my mental ward  
Working in Sweden, burin' the bodies  
This song made my memory feed them  
Ghost made me loud and I'm proud I can see them

I don't even wanna talk about it  
But I do it for the demons and the devils alive  
Hopin' that the nonbelievers get a number two in the  
eye  
Please try to die, save me the time

When I make a move, when I'm commin' through  
I'm a stay devoted to rhyme  
Next time devoted to my hex sign  
Ruda wicked, I'm a be forever de-dine

Picture this, my wrist silt pissed off  
I'm hangin' from a meat hook  
Yo, I'm bangin' on a meat hook, it's the twist  
This chapter ya miss, the darker the venom of a main  
hook book

I'm tellin' everybody I'm not doin' so well  
I'm feelin' my noggin to you better watch ya self  
Sub-noise, when I'm bangin' on a tech set  
Best believe the dark times are here, my lips eclipse  
everything

Darkness, I can write a verse and take the sun away  
Darkness, say goodbye to light because it's gone today  
Darkness, ain't no smiling happiness is done away  
Darkness, watch me paint a pic that'll make you run  
away

Darkness, I can write a verse and take the sun away  
Darkness, say goodbye to light because it's gone today  
Darkness, ain't no smiling happiness is done away  
Darkness, watch me paint a pic that'll make you run  
away

I'm your worst fear, I'm your favorite  
I'm your acquired taste, will you savor it?  
If it blood thirst will you run from it?  
No need 'cause I'm inside of you when the sun is spit

You cannot escape me, I'm your last resort  
When you have a evil you cannot report  
I'm your royal sunshine, malicious and heartless  
If ever you need an alibi rely on me, I am

Darkness, I can write a verse and take the sun away  
Darkness, say goodbye to light because it's gone today  
Darkness, ain't no smiling, happiness is done away  
Darkness, watch me paint a pic that'll make you run  
away

Darkness, I can write a verse and take the sun away  
Darkness, say goodbye to light because it's gone today  
Darkness, ain't no smiling, happiness is done away  
Darkness, watch me paint a pic that'll make you run  
away, run away

Darkness
