(First verse)

Roses are red and violets are blue,
and we all get purple rain when you put together the
two.
True.
Lets talk about this street I know,
mida mida yo its needed it when its time for me to go.
I spent my whole life on this KC street.
The P.A.S.E.O where the real stay and the fake sees
heat,
ganagstas lay low, get the queso, and every day
breathe deep,
but when the day goes, and the broads out cuz the
babies sleep.
On P.A.S.E.O. I reminese,
if they love me then give em this.
Never know when you go cuz this life is so hit and miss.
Cry for me never, just have a ball wit each other,
cuz that what I had. Thanks goes out to my father and
mother.
And I love you so mamma,
if I ever happen to go mamma,
I think there something you should know mamma.
I stayed away cuz I was tryin to become something,
give a house to that one woman,
The reason everyones bumpin'!

(Chours x2)

(Verse two)

Lets take a journey startin at 85th ,
Wrote some of my latest hits.
Off 85th
came back from cali and then I stayed with Chris.
Off 76th ,my first baby was conceived.
Off 75th ,was with Slo Moe in conditions you wouldn't
believe
74th and P.A.S.E.O. on the corner
Slept with a A-K from my hommie Skoob, anybody
come through that door was a gonner.
64th I ate balogna ,
and kicked it with Mac and Sonja.
In French Village I sold dope for my folks, in a place
with a crack aroma.
63rd street is the land of the Bishop Hogan,
demandin yall just keep rollin.
Expandin on this strip strollin.
Masterd music on 61st ,
and if didn't use it wouldn't spit this verse.
This is how you find me, if demons happen to hit me
first.
Right off 58th I lived from 12 to 17
with Balsima, Kahramin, Marty, Hassen, and Hakahim.
57th and 56th I had a ball, I learned some tricks, I
learned some schemes,
From my home boys ya'll know who I mean
RDV's 55th Paul's liquor tryin talk slick you if crazy,
Results in getting stomped by Doc and Stu Baby .
Keep riddin P.A.S.E.O for me if you rollin solo to night,
Just keep on thinkin marco polo for life when ya

(Chours x2)

Riddin P.A.S.E.O., riddin the day though.
Cherris the day, but then roll out when the day go.
Riddin away yo,
Pain and sorrow.
Live for today cuz you might not see tomorrow

(Verse three)

What up P.A.S.E.O. high? 49 street
On 47th is Gates and sons where Tech N9ne eats.
39th at the bootleg I use to find peace,
but at the Skattish right on Lynnwood, Mason's and
Time's meet.

I use to kick it on 27th and 28th troost lake.
Careful you might find yourself off in that piece if you
hate
19th was my familys church they tried to save me, to
late.
Cuz doin shows on 18th and Vine, that was my true
fate.
Mary Lou Willams was my aunt,9th where I was raised
Way minor way back in the day,
they use to fight and no one would spray,
But now off Independence ave. I hear my son Donnie ,
Sayin that he hear gunshots every night on 5th And it
scares his momma Ronnie.
End of the road 29 north to the brigde.
If I go im leavin' everything to my wife and my kids.
Travis if I go whatever my half is you give her,
and no funeral just throw my ashes in the missouri
river.
Love.

Riddin P.A.S.E.O., riddin the day though.
Cherris the day,but then roll out when the day go.
Riddin away yo,
Pain and sorrow.
Live for today cuz you might not see tomarrow
