I think your amazing
I think your wonderful
I think your amazing
I think your wonderful

I think your amazing
I think your wonderful
I think your amazing
I think your wonderful

Your incredible and your amazing
And I want you in my life forever
And we're gonna be great together
And we're gonna be great together

And we're gonna be great together
And we're gonna be great together
And we're gonna be great together
And we're gonna be great together

We're gonna be beautiful together
We're gonna be beautiful together
We're gonna be beautiful together

And let me show you what I can do
And let me show you what I can do
And let me show you what I can do
Let me show you how fast I can get to your heart
Oh shit, here we go again

When you met her she was right so thick
Something better then a wife, no glitch
She won't stop ever but she might go click
If you leave her you'll see a psycho bitch

Now she's callin' your crib at nights so sick
Wanna pop up and try ta fight your chick
Lorena Bobbitt, told her to slice yo dick
If you ever break up with a psycho bitch

Don't give me that shit
But a nigga don't care, never could it be fair

Then I was up in a middle lover
Came a double dare when I woke up
I was in a mutha fuckin' nightmare

How you gonna fuck me on Sunday?
Then you wanna say you love me on Monday, you
buggin'
Thinking everybody gotta bow down
'Cause you're off in your lovin'

If you're on your telephone
And then she lose it when you using it
If sleep don't leave it on, nigga
For true she will go though with it

She call a bitch back from your phone
And chew the chick a new uterus
Even if that situation not lewd the bitch is ludicrous

Bad when you gotta better bitch around
Sad 'cause you never wanna kiss her now
Never would got up in the women if I knew about
menace
And now never wanna take her down

If she take her seroquel and selects
The bitch would probably stop and then try to catch yea
Slipin' with a beauty itchin' to get chya
You betta hope you neva leavin' the stretcha

If you with a psycho don't go through with it, be through
with it
Right in the midst of happiness her mood will switch
and ruin it
You thinking you know women and you're just so
intuitive
Bet that a nigga, that in back
At the end of this you will have to shoot a bitch

Please don't bring that psycho shit to me
(I love you, now don't you love me?)

Don't eva' go down low with a psycho bitch
But I'll never eva' go out with a psycho bitch
Everybody betta learn how to see a psycho bitch
Never know when your girl might be a psycho

Your bitch is psycho II, psycho II
Kill 'em with a milli, put a knife in you, twice in you
(Psycho bitches, psycho bitches)
Your bitch is psycho II, psycho II

Kill 'em with a milli, put a knife in you, twice in you
(Psycho bitches, psycho bitches)

And I want you in my life forever

Yo, she poppin' up at the club
Lookin' for you with the rollers in
And when push comes to shove
Here you go on the flo' with this hoe again

Psycho bitches never let it go
Trippin's enviable
Be ready to get up and go, why?
Because Tecca Ninna just said that so

Breakin' in my Crib, sniffin' my draws
Lookin' for white bitch hair on my balls
Trippin' with chu when you out with the family
She get it poppin' right there in the mall

Fuck with a bitch is definite
Better watch who you stepping with
Fuck attention deficit
Better watch who the fuck you messin' with

Just because I fucked you that don't mean
We getting married, hoe
The way you sit around the corner from my house
Is scary though

Psycho bitches when it comes
To relationships are very slow
Bet chya'll never understand
It's over till your buried low

Oh no, she be up on the MySpace flippin' out
Trippin' with strippers, you think I'm digging out
Me sayin' that, "I'll never be taken by the hands of
another man"
Is a bad omen 'cause you never know
It might just be the hands of a women, psycho bitch

Please don't bring that psycho shit to me
(I love you, now don't you love me?)

Don't eva' go down low with a psycho bitch
But I'll never eva' go out with a psycho bitch
Everybody betta learn how to see a psycho bitch
Never know when your girl might be a psycho

Your bitch is psycho II, psycho II

Kill 'em with a milli, put a knife in you, twice in you
(Psycho bitches, psycho bitches)
Your bitch is psycho II, psycho II
Kill 'em with a milli, put a knife in you, twice in you
(Psycho bitches, psycho bitches)

And I can roll my tongue
And I can roll my tongue
And I can roll my tongue

Stop callin' me, never really wanna heart felt shit
You ain't healthy for me and bitch I'm on a health kick
Psycho bitches are self-destructive, weak and helpless
I'm done with you bitch, now you can let somebody else spit

She's so sick with it, I stick hit it and dick fit it
Never did I think for a minute to quit, quit it
Chickens on the livin' and trippin' to get hit it
Turn around flip and then get you into deep shitted

Pussy was embedded and get it your indebted
You could make a penny or money, the man said it
You can run a bitch by adjusting the antennas
But if she demand it you betta forget it

She's psycho like Michael
You might go and wake up to knives and rifles
When your eyes closed she's liable
Like I know to move on you like Tae Bo

Even I know this sly hoe like rivals
Been turn you into five, oh
Either that and your turn your back
And the bitch attack with a blade up in your spinal

Should have listen to phone call, now stop with them
harassing threats
My envision was them draws and me plottin' on having
sex
Got me trippin' fist in a ball, I know something gon'
happened next
I'm a kill this crazy bitch and give her back to Tech

Please don't bring that psycho shit to me
(I love you, now don't you love me?)

Don't eva' go down low with a psycho bitch
But I'll never eva' go out with a psycho bitch
Everybody betta learn how to see a psycho bitch
Never know when your girl might be a psycho

Your bitch is psycho II, psycho II
Kill 'em with a milli, put a knife in you, twice in you
(Psycho bitches, psycho bitches)
Your bitch is psycho II, psycho II
Kill 'em with a milli, put a knife in you, twice in you
(Psycho bitches, psycho bitches)

Don't eva' go down low with a psycho bitch
But I'll never eva' go out with a psycho bitch
Everybody betta learn how to see a psycho bitch
Never know when your girl might be a psycho

Your bitch is psycho II, psycho II
Kill 'em with a milli, put a knife in you, twice in you
(Psycho bitches, psycho bitches)
Your bitch is psycho II, psycho II
Kill 'em with a milli, put a knife in you, twice in you
(Psycho bitches, psycho bitches)

Let me show you how fast I can get to your heart
Let me show you how fast I can get to your heart
Let me show you just how fast I can get to your heart
Talk to you later, bye
