Hey, a nigga came to party, one fity one bacardi  
Pine apple juice and... let's get it started  
And oh Lord I've seen a big movie Shawty  
To the beat sex, I'm a beat that, to the beat sex, I'm a  
beat that  
To the beat sex, I'm a beat that, to the beat sex, I'm a  
beat that  
To the beat sex, I'm a beat that, to the beat sex, I'm a  
beat that  
To the beat sex, I'm a beat that, to the beat sex, I'm a  
beat that  
Knock, knock it at the party

I got a rhythm when the women see off stage later  
when we sexually engage  
This what I give them  
Strokes full of energy treat them like my enemy  
Watching niggers... lemons strike me in the seat  
I'm gonna take one who is my thang  
Crub in the bitch bubble to my gang  
Niggers have a street... gotta leg and beat coming big  
and rub it to my place  
Takes some back and leave it when I stop but checking  
all the bitch say no  
Then I pump the magic when the beat balances when  
the meat collapses they go  
Hit it hard then it start dig it till it's split apart  
Get when it's with it give it quit it when it's dark  
Then wake up in the morning straight to be reborning  
Know we're not kids so I guess I should be said we're  
growing  
And you can smell that, it's female hell cat cause I  
swear that  
Long doll play with it like your own toys  
If you can feel that running to that... running to that  
home boy

Back to the beat sex, I'm a beat that, to the beat sex,  
I'm a beat that  
To the beat sex, I'm a beat that, to the beat sex, I'm a  
beat that  
To the beat sex, I'm a beat that, to the beat sex, I'm a

beat that  
To the beat sex, I'm a beat that, to the beat sex, I'm a  
beat that  
Knock, knock it at the party  
To the beat sex, I'm a beat that, to the beat sex, I'm a  
beat that  
To the beat sex, I'm a beat that, to the beat sex, I'm a  
beat that  
To the beat sex, I'm a beat that, to the beat sex, I'm a

That mister bark rock get your phone spot long gone

Got a sex jacket for... boobies and booties  
Got a Gucci key, now they're crowning me Nubian  
30 cows on, once I stop it then it's a rap all assaulted  
You assaulted Porky Pig and you from the back  
Cause I'm a beneath beneath that lady till you start  
tweaking out your sheets  
Once you believe that I'm gonna skin it, I'm out gonna  
skin it on down your streets  
To the rhythm of the... which is wanting to get them  
kids wrong  
And the... gets the...

Now what's the homie? To all the women who known  
me promoted my words to mouth to the noseys  
Life is like... bitches lighting and... to get my dick in  
them

kind of wipe I'll be hitting them
