

Tech N9Ne "Shadows On The Road"

Visit "[Shadows On The Road](#)" on MotoLyrics.com

[Hook: Krizz Kaliko]

I see shadow's on the road on the road again
Wonder if they comin for my soul
I get trapped up in this mode I'm in
And will I ever grow old?
And will I ever grow old?

[Tech N9ne]

I 'member them high nights on Ex
We'd find sights to climb heights unheard to man
We lined white "Molly" up and had a benign flight
Mix it with weed and wet, It's Cronkite
That shit's beyond height
Sped us up and we be trippin, seein some shit
And it's fuckin up the buzz and we in the crib
So we hop off in the whip and flee with the quick
But a shadow make us swerve and we on the strip
Did you see the shit? (Yeah, I saw the shit)
Did y'all see the shit? (Yeah, We saw the shit)
All agree that a shadow was crossin the street
Then immediately vanished, We need a hit

[Hook: Krizz Kaliko]

I see shadow's on the road on the road again
Wonder if they comin for my soul
I get trapped up in this mode I'm in
And will I ever grow old?
And will I ever grow old?

[Tech N9ne]

Is it comin for me because of all the shit I that did in the
past?
Was bad to people, Mad and evil
If you the A.O.D. I'm sad to meet you
Angel of Death, when I quit doin Ex
Because of seein you every night on the stretch
So I been clean for 3 years and countin
Still I'm seein shadows, Will they scheme for me?
To follow them into the pit of despair
Punishment for what I did in this lair
What if evil spirits live in the road
To take the kindred spirits' polluted soul

I don't know how the spirit thing goes
Real or livin in my frontal lobe?
Will I be livin life until I'm old
Or will I be taken by shadow's on the road?

[Hook: Krizz Kaliko]

I see shadow's on the road on the road again
Wonder if they comin for my soul
I get trapped up in this mode I'm in
And will I ever grow old?
And will I ever grow old?

[Outro: Tech N9ne]

I be comin home from the studio
70 East, Real-real late, You know
Then I see like, a shadow walk right in front of the car
Be like what the hell, you know, Really trippin, man
Like, I thought I just saw somethin
Swerve real quick, Good thing aint no other cars
around
You could've fucked yourself up
And I be thinkin it is...
Like, The people that have wrecked on the side of the
road
You see those crosses and their names and the roses
You be thinkin, "Maybe there spirits"
I don't know if no spirits exist, I don't know...
I don't know what the hell it is, man
It still haunts me till this day
If it is a spirit or whatever it is, It's crazy
