In the rib which Lord God had taken from man
Made him woman and brought her to Adam
And Adam said, ?This is the bone of my bones
And the flesh of my flesh?

I want you to take this
What is it?
Something tha'll make you fell real good
Damn girl, give it here

Often they blow ya top, watch when they hold ya jock
Shocked when the notch sold crotch and you lost
composure
Soft for the ho's ya not stocked fulla roll, ya walk for
the
Hot shot wanna cop and do lots of dosha

She Devil, her greed level is hella high
Speed rebel exceed pedals with a devils eye
They call girl and strip, they all twirl and trip in yaw
world
They dip and all thorough and hip

Hustlers, they sluts and drug smugglers
Money, they double up, throw that stuff up and bubble
up
Best believe, when I get ya I'm 'bout to strap it down
'Cause wadatah time I'ma tippy tah on ya capitown

I go to have it now, Tech N9ne, it's a habit
Got to stab it, I'm savage hound
She Devils are incredible out for thy dough
At her crilla is scrilla ex and tapes of Taebo yo

Sin with me, I want you
(She Devils in the house, let me hear ya)
Off top, I gots to get near ya

Today my wife left, I don't give a fuck
Bitch, that's why I'm paying you 150 bucks
To suck me and caniver
Let this diabetic dick touch your saliva

I take 'em blid and crazy 14 to 48
Every since we fucked, I been coughing and losing
weigh
Stink ho', trying to creep, bitch, pick your son up
He been at school for a week

You fucking freak, trying to get the best of me
Kidnap you ass, leave you lost like really without
destiny
You stank trick, you suck dick, Jason Williams
What up? Shoot this dirty bitch

Sin with me, I want you
(She Devils in the house, let me hear ya)
Off top, I gots to get near ya

This devilish bitch is so succulent
Taking a piece of my soul every time that I bust a nut
She's like a succubus, a nymphomaniac laying me back
On a filthy mattress, cum stinks on it, smelling like
catfish

Still I hit, yeah, I did it, her pussy travels
She doesn't have a pivot, I remember when she was
timid
Your scandalous ass, taking the pastors cash
Got 'em on tape, sucking your tits, snorting and
passing hash

I still had to grab that ass, had to laugh at stories
About you ragged ass-licking maxi pads
You silly bitch, she used to be nerdy bitch
Now, she's in the backyard fuckin' thirty pits

Now, besides being on ex and regardless of having
sex
We getting close to gelllets, just grinding to every kick
Two fingers up in her pussy, your hands rubbin' my
dick
As soon as my wife push me, her man's fucking a trick

I don't care, if she know I trick but she's starting to get
hip to it
'Cause she's finding matches inside of my pockets that
say I trip
Which means I might get caught, lose everything that I
bought
The house, kids and the car, I know this sounds bizarre

But we should give her a call and see if she want it in

that way
It's 3-way sex and we could all be friends
I know you've done it before, don't act like you haven't
whore
I'm 'bout to lose my wife, I can't afford a divorce

Sin with me, I want you
(She Devils in the house, let me hear ya)
Off top, I gots to get near ya

Sin with me, I want you
(She Devils in the house, let me hear ya)
Off top, I gots to get near ya

Fucking with your pussy is a handful
You think I'm drowning, then you clowning
So, basically, bitch, you're a damn fool
And that's a given fact, plus I remember back
When you was young I could see 100 niggas through
your gap

And all of them was probably hitting that
That's embarrassing, you're stuck with 30 children, 70
miscarriages
In and out of buildings, ain't caring who it is, fucking
newlyweds
Didn't mean to do it but you did

Devilish she's never to be faithful
Credit or fee, it's better that she's tranquil
Even an apple, my cock
Unlocked the key to your asshole

Stop the plot, do the freeze on my cash flow
Cock the gloc, I through these in the castle
Fresh outta school with a disease and a tassle
Ski's and it's natural, you just my ho', that's the reason
you stack dough

Sin with me, I want you
(She Devils in the house, let me hear ya)
Off top, I gots to get near ya

Sin with me, I want you
(She Devils in the house, let me hear ya)
Off top, I gots to get near ya

Shit, this feels good, baby
What you say this was again?
Don't worry about it, just relax

Come here, let me lick [Incomprehensible]
It's gonna cost you
I got all of it, baby
Well, that's exactly what I need
All of it
