### "Snake Ya"

(feat. Krizz Kaliko)

Come on my music make her snake away  
my music make her creep away  
my music make her sneak away  
every single day  
The club scene is filled wit cats who mug mean  
my thug team is Skatterman and Snug Brim  
Krizz and Grant and Kutty be my buddies wit slug  
beams.  
Joe and Nick and catty Matty open your bloodstreams.  
Snake ya make ya broad disrespect ya break I break  
the One N9ne  
grace to face wit pace ya hates the way I make raps  
erase ya  
hearts on brace so he takes echinecea  
I ain't come to talk about you and your girl man  
if I tell him what I know he'll do the earl thing  
It's a pity  
how your living in your city  
and your kitty is kicking wit me getting grimy and gritty  
aight klown I know how this might sound  
I heard your womans peeping I'm coming wit tight  
klowns  
we can fight now  
or else you can just pipe down  
why am I even talking to you right now

I don't know what who she creep wit no  
I don't know who else she sleeps wit no  
All I know you don't want no beef wit Strange will make  
ya dang chain to snake ya man

He wit this chick for like 2 or 3 years  
she in the club getting lose of like 2 or 3 beers ya know  
he done shared 2 or 3 tears before  
now here we go again tell you be throwing and mowing  
and ?  
mumblin something bout last night  
wat was this cat like  
wanna live the fast life

make the jokes let it go you can back it up and if you  
wanna get back wit her maybe you can patch it up  
She chose me to approach me to slowly poke the back  
out of her rode  
the pony and saddled her told me it didn't matter what  
we was ?  
she had a habit and was an addict and had to have it  
now her boyfriends on to us and he got beef wit me I  
ain't tripping go  
t my piece wit me out numbered got my peeps wit me it  
Rice G Tech Skatter Snug and BG so well see.

I don't know what who she creep wit no  
I don't know who else she sleeps wit no  
All I know you don't want no beef wit Strange will make  
ya dang chain to snake ya man

Its official grab your pistol she told him how we make  
the municipal licking crystal wit mystical how I hit it was  
critical then I split then I missed a few rounds tech and  
christen you down you fished and you found you still  
insist to be clowned cause here I stand the ? in town  
and dissing you now I spit till you frown cause you a  
trick and I'm bound to tell your chick to make me rich  
you swim in shit and you drown I have now time for the  
punks I dunk not eager to stick around waiting for funk  
to jump hes mad at the n9ne cause I put the crunk in  
the front you been the sherman klump how many lumps  
do you want still I don't really know who you talking  
bout if you don't get out my face you wont be walking  
out but in my mind I remember I sats it down and ate it  
soft cause I laugh when I told her wretch around and  
wrench it off cha

I don't know what who she creep wit no  
I don't know who else she sleeps wit no  
All I know you don't want no beef wit Strange will make  
ya dang chain to snake ya man

Yo see you all in my face I'm like what I see you all in  
my space I'm like what I don't know your girlfriend you  
heard me say so I don't know the girl then

Yo see you all in my face I'm like what I see you all in  
my space I'm like what I don't know your girlfriend you  
heard me say so I don't know the girl then
