[1st Verse]

Picture me  
In a casket  
Blasted  
Never nobody  
Knew how long  
The pain lasted  
Keep my eyes tight  
I'm frightened  
But I fights like Tyson  
When playin' this game of life  
I'm losing  
Longing to be enlightened  
Absorb my mind state  
Reduce the crime rate  
And take me out  
When running toward the Lord  
I see 'em fake me  
Out shook me  
So from church I play hookie  
Listen to the words of a brother  
The sick stutters  
So you better better  
Get the get the bags ready  
Comes a killer killer  
Like Skagnetti  
My brains contaminated  
Hella rotten  
Wasn't me that killed you  
Who was it what was it  
The effects of the mildew  
My brain's wilted  
In my eyes the world is a bit tilted  
Lord take me away  
Before somebody else gets killed  
Blood spilled  
Seriously  
This is the letter to my homies  
I'll be missin'  
God told me to behold a pale horse  
But I didn't listen

It's hard man  
My life is scarred man  
I'm losing my mind  
So now it's time  
Sincerely sign  
N9NE

[Chorus]

I just wanna die  
I don't want to wake up  
I don't wanna cuz  
That's the way that I feel  
I'm barely hanging on  
I don't want to wake up  
I don't wanna cuz  
That's the way it has to be

[repeat 2x]

[2nd Verse]

I made your life a living hell  
With my infidelity  
Remember your telling me  
All I give a damn about  
Is weed stems and melodies  
Remember you  
Spent 30 minutes in the hospital parking lot  
Crying  
When the blood test read  
The baby of another woman was mine  
99.99  
You should've left  
Along time ago like Mary J. say  
Just let it go like Ray J.  
Con't  
I know your mamma heard  
You yelling mayday  
Spent my life trying to R-A to the P  
You sick of me  
Always bein' B to the R-O-K to the E  
Now there's nothin'

Else left of me  
I was a bum  
But you still wanted some  
Through the rain, snow and thunder  
Foul ups , bleeps and blunders  
But no man shall tear asunder  
Is what you said

You should've put multi bullets  
In my head  
When you found that evil  
Instinct was a song  
Where the events actually went on  
This is the letter  
To my homie, my friend  
Who put up with me for 8  
So now to take me  
Really quickly is my fate  
I'm sorry  
For making it hard  
I know your scarred  
I'm losing my mind  
So now it's time  
Sincerely sign  
N9ne

[Chorus]

I just want to die  
I don't want to wake up  
I don't wanna cuz  
That's the way that I feel  
I'm barely hanging on  
I don't want to wake up  
I don't wanna cuz  
That's the way it has to be

[repeat 2x]

[3rd Verse]

I love ya'll  
The dynamic duo, my babies  
It ain't your fault  
That your daddy's crazy  
Donny,  
I miss your drumming like me  
One day you'll be ruling  
Leelee,  
I miss you in my face  
Yellin'  
Daddy, what you doin'  
You two are the reason  
Why I'm still standing today  
But I'm 1600 miles away  
And you get my heart sinkin'  
When I start thinkin' about you babies  
I heavily start drinkin'  
On a daily puffin'

I'm seeing my heart  
I gots to toughin'  
Can't see me leavin' my angels with nothin'  
So I keep bussin'  
Use my pain for you two  
I've gotta come up in the game  
Fly planes 2 an island  
So one day you can do the same with yours  
Love you galore  
And I ain't playin'  
makin' me put an end  
To this suicidal mind state sayin'

[chorus]

I don't want to wake up  
I don't wanna cuz  
That's the way I feel  
I'm barely hanging on  
I don't want to wake up  
I don't wanna cuz  
That's the way it has to be

[repeat 2x]
