Life is so full of feel like I , test when you're covered in  
west  
Sex , vex because life is so less, bless for like death is  
the best bet  
I'm here to give you ,  
Text tech n9ne and you know what it is  
It's the Tuesday night I'ma handle my biz  
And we chilling with my man from Kansas  
Know what it is yo, man, I be dancing  
I be I be chilling, you know why the government make  
the killing  
Seven ,

,short on my heart and my brains is spirit out of order  
And now the lord of fellas stopped our recorder  
Fallen angel warrior at the bottom drain the ,  
Destroy ya in the middle of Sodoma and Gomorra  
Punction, all around ,everybody been calling clown  
The calling town , but the sickness is falling down  
Over this basic gay shit, erase it, face it  
Wake this hate and make this place get ape shit
