[Intro: Twista]

Yeah

And the question is why

Prozzak, Saganow what up

Tech N9ne, Kansas City what up

Twista, Chi-Town what up

And we do it like this

[Verse 1: Prozzak]

How can somebody explain to me

Why we been followed by evil for so many centuries

Locked in prison the world is a penitentiary

Such a catastrophe and it follows our destiny

But crack head mothers and fathers are beating their children

Suicide bombers are crashing our planes into buildings

While hiv is spreadin and killin off millions

And down in New Orleans there's several of battered civilians

There spillin the bood of other people for barrels of oil

The bodies are burning and scattered all over the soil

Feeling the tension as tempers and temperatures boil

Strikin the soul is a serpent that rattles and coils

God, tell me what has now become of us

Shame on us for becoming a race so dangerous

And even with hate in us

You never did stray from us

Instead of forsaken us

You have forgiven us

Why?

[Chorus:]

Why?

Why does the devil be callin' my name

Why?

Testin' my faith with his devilish games

Why?

Feeling insane as I was in the brain

Why oh Why?

Followed by darkness you? and grow

Why?

Circle above me you circle like crows
Why?
Father forgive me you reap what you sow
Why oh Why?

[Verse 2: Tech N9ne]

Do we get off on the fact that our governments fuckin'
Iraq
from the back
And we know that they hid this from us and our family?
Why do we gamble with givers of grief
And I'm wondering why do we live in the dark
and my life's not fa la la la la la
Momma be askin' me, do you believe in this
Bitches be askin' me, don't you wanna peep in this
Niggas be askin' me, do you put pussy on a pedestal
Pimpin' you probly should put money first cause you? in
this
Why's this shit draggin'
Why does everybody know to operate a fully automatic
And nobody with the love of of one another
but it's givin us a little bit of light up in the hell of it
Everybody livin in polygomy you givin me but ain't
nobody celibate
So the question we askin' is Why?
Are we the wickedness when is the trip of the sickest
the fly
Look at the blood and the tears and the piss and the
shit in yo eye
God will be back any day any second
so wait for the day that He's free and we die

[Chorus:]

Why?
Why does the devil be callin' my name
Why?
Testin' my faith with his devilish games
Why?
Feeling insane as I was in the brain
Why oh Why?
Followed by darkness you? and grow
Why?
Circle above me you circle like crows
Why?
Father forgive me you reap what you sow
Why oh Why?

[Verse 3: Twista]

Could you tell me why would we ever show mercy these
days
Why?

Just look at the world we be cursin the earth with these
plagues

Why?

Sometimes I feel evil as if it's the birth of the worst
And the Earth needs emergency surgery all of this
hurt?

How?

Turn us into demons that's that's screamin
I'm dreamin that even the devil was special
before he got fallin from grace

Why do we murder

But God Won't abandon his women and children
even though his babies will bust a 380 all in your face

Why do we kill

Gotta hit him in the body with a bullet will you pull it
but he never look a brother see hed love us
even if he didn't feel us to the fullest

Please tell me Why?

How you love us even though we gotta hurt eachother
even our brother or the mother

I don't feel it on the realest you can put it any way you
wanna put it

Why?

Even through the terror on the planet you can still find
love

Why?

Even through the torture and the murder you can still
find love

Well if you try to be a rapper on a level of the devil
we get buried with the shovel and be cast outta heaven
so in hell we can still wind up

[Chorus:]

Why?

Why does the devil be callin' my name

Why?

Testin' my faith with his devilish games

Why?

Feeling insane as I was in the brain

Why oh Why?

Followed by darkness you? and grow

Why?

Circle above me you circle like crows

Why?

Father forgive me you reap what you sow

Why oh Why?

[Outro:]

Why?

Why?

Why?

Why-y-y-y oh-h-h-h why?
Why?
Why?
Why?
Why-y-y-y oh-h-h-h Why?
