[Intro]

Turn on the tele every thing so shady  
Thangs changed ain't the same since the 80s  
What's the meaning when your hear an old lady?  
Drowns her baby see the world's gone crazy.

Walkin' amongst insane terrorists, everybodys a  
demon so then came your therapist,  
know that your therapists are also aware of this state of  
emergency is lookin' burgandy even your sherriff is  
scared of his neighbor mabye because people are  
goin' crazy, sick mothers drowning their babies  
and why they have to make it where aids be, from here  
to zambia, and why I got the same last name as andrea  
niggas snipin' shootin' rifles for fun ,niggas fighting  
grip the knife and live the life by the gun,  
most of us are livin' life on the run, sittin back gettin fat  
waitin for whats in the bible to come  
steady high speed chases, I see racists often inside  
their sci-fi dream matrix  
you might see la-la land but I see hatred, killings and  
talibans with ??? faces.

[Chorus]

Turn on the tele every things so shady  
Thangs changed ain't the same since the 80s  
What's the meaning when your heari an old lady?  
Drowns her baby see the world's gone crazy.

(In your High School)

Theres shooting where's the shelter?

(What can I do?)

Modern day Helter-Skelter

(In your residence)

My neighbors taking from me

(Mr. President)

This world's so money hungry.

Something aint' stirring the kool-aid man.

Look at the sickness and evil that you made man

Gotta stay creepin' through my city because everybody  
dieing.

Hard ta trust niggas with me because everybody blind  
The sign of the time it would be fine to have weapons  
designed  
for half-steppin' in crime, have seconds to shine before  
they shut it down on us  
Some'll clown on us, seems to be a frown on us  
My niggas fighting even the sports future lookin' hazy  
Gettin money like men but acting like babies  
My people lookin' at me shady  
Yo somebody fiddlin' with the chicken and watermelon  
cuz niggas goin crazy.

[Chorus]

Turn on the tele every things so shady

Thangs changed ain't the same since the 80s  
What's the meaning when your hear an old lady?

Modern day Helter-Skelter  
(In your residence)  
My neighbors taking from me  
(Mr. President)  
This world's so money hungry.

Let it be known that these young men are dying for  
money  
and their family and friends mornings are no longer  
sunny  
blood shed to the twentieth power they promise you no  
blood shed, but plenty in showers.  
We live by an eye for an eye, that's mans death motto  
If man is gonna lead us right, then man less follow.  
And lead us right into war, but damn that's hollow.  
But the average kid all they know, is Grand Theft Auto.  
And no matter where you go in the city streets, it's a  
game.  
When I'm off in the demons pit I feel the heat for the  
pain.  
And the world is a crazy place, and everyone is insane.  
Why else would they want to simulate JFK's death in a  
game?

[Chorus]

Turn on the tele every thing so shady  
Thangs changed ain't the same since the 80s

What's the meaning when your hear an old lady?  
Drowns her baby see the world's gone crazy.
