We've walked on this beat, for so many years
I know you've always had my back and that's why I'm
here
You've been on the take but I won't judge you
You've got a family to feed and a cop's pay won't bull
trought

See the red lights flashing,
Hear the sirens calling
We are modern knights in blue

Wo oh oh, don't you know
Your secrets safe with me
Wo oh oh, don't you know
I can pretend that I don't see
Wo oh oh, don't you know
Your secrets safe with me
Wo oh oh, don't you know
Your sectors safe, your secrets safe with me

These guys in their suits they don't mess around
They've been grilling me for hours but I ain't no sell out

We are modern knights in blue

Wo oh oh, don't you know
Your secrets safe with me
Wo oh oh, don't you know
I can pretend that I don't see
Wo oh oh, don't you know
Your secrets safe with me
Wo oh oh, don't you know
Your sectors safe, your secrets safe with me
