(Sky from red to blue
Sky filled with light for me and you)

In the distance I hear a sound
But she's nowhere to be found
I make my way down to the beach
She is there but still so out of reach

(CH)
Sky from red to blue
Sky filled with light for me and you

I feel a breath on my skin
The morning mist is getting thin
A shard of glass she kept on the shore
Cut my feet, now they bleed forever more

(CH x2)

Something wakes me before the dawn
I find out that she is gone
I turn to you, but you're still asleep
I won't wake you, there's some things I've gotta keep

(CH x2)
