"Teach Me Love"

Visit "[Teach Me Love](#)" on MotoLyrics.com

I'm in denial
it's my drug and it's my sin
no fault of yours
I don't let nobody in
But can you hear me love
when I sing

you've gotta teach me love
you've gotta show me
I wanna know you love
I just need you

still in denial
it's my drug and it's my sin
no fault of yours
I don't let nobody in
I just wish that you could hear
all the things I haven't said
'cause I don't understand
all these things inside my head
but can you hear me love
when I sing

you've gotta teach me love
you've gotta show me
I wanna know you love
I just need you
