Baby, hold it, just let me try
For just one minute but be this other guy
And live his life
With my home and faithful wife
And your pretty face to kiss some nights

Ain't I a lucky guy? I get what I want, yeah
Ain't I a lucky guy? Unlucky for some

Baby, I like it, it feels alright
Now that I see it through his cheating eyes
I can't stop smiling
How could I not be satisfied?
So glad I ain't the one on the losing side

Ain't I a lucky guy? I get what I want, yeah
Ain't I a lucky guy? Unlucky for some

No need to feel guilty, baby
I'm happy to be the one
That you come to babe, instead of me
You better behave it, baby

So I don't know where tonight love will lead me
But that's alright 'cause

Ain't I a lucky guy? I get what I want, yeah
Ain't I a lucky guy? Unlucky for some

(Unlucky for some)
Unlucky for some
(Unlucky for some)
So lucky, baby, so lucky, baby
