You can grin but you can't hide
All the emptiness inside
Since she left you like
Spit in the rain

Without doubt, it is true
She was the only love you knew
Now she's gone it fades away
Like spit in the rain

And you can try to find her
But you'll be looking in vain
Because love disappears like
Spit in the rain

Aha, yeah

You can try to figure out
Why you mean nothing to her now
But you might just as well
Go, spit in the rain

Maybe then you will find
Her sweet memory in your mind
Washed away, out of sight
Like spit in the rain

Without doubt it is true
Without her there's only you
With a little luck
(Aaa, aaa)
With a little time
(Aaa, aaa)
You'll pull through
Hoo, hoo

And you can try to find her
But you'll be looking in vain
Because love disappears like
Spit in the rain
Because love disappears like
Spit in the rain

Hu, hoo
Hu, hoo, hoo
Ya, ya, ya, ya
(Aaa)
Aaa
(Aaa)
Alright
Hu, ho alright
