So you're in love with someone else
Someone who burns with in your soul
And it looks like I am the last to know

I hear you've never felt so alive
So much desire beyond control
and as usual I am the last to know

The last to know how you're feeling
The last to know where you are
The last to know If you're happy
Or if he treating you like I treated you
Or if he's cruel I'll be the last to know

We spent the summer out beyond the bay
and you said these are such perfect days
But if the bomb drops baby I want to be the last to know

But now you're living up behind the hill
And though we share the same city and feel the sane
sun
When your winter come I'll be the last to know

The last to know how you're feeling
The last to know where you are
The last to know If you're happy now
Or if he pleading with you like I pleaded with you
Don't let me be the last to know

(Break)

Creations gone crazy (that ain't so bad) TV's gone
mad That ain't so crazy
Now you're the only sane thing that I have

(Instrumental)

Always the last to know how you're feeling
The last to know where you are
The last to know if you're happy now
Or if he cheating on you like I cheated on you

Oh oh oh ohohh

You were the last to know
You were the last to know
Don't let be the last to know

The last to know
