You got a problem with your heart
Follow the line down your left arm
If there's no money in the palm of your left hand
You could be pulled apart

You think it's more than just a cold
Don't make a problem for your soul
Don't you go pulling out just yet, my friend
Everybody's getting old

But ooh, when you feel the pressure coming down
Well, I might do the same myself
Can't write a song that's gonna help your health

I got a problem with my sight
I'd like to say, "We'll see it right"
But when you can't afford a broken nose
How can you afford to fight?

Ooh, Danny boy, we'll beat them
I know we won't live forever
But ooh, don't you want to live them down?

Ooh, Danny boy, we'll beat them
Give up and we're going nowhere
And ooh, would you like to live them down?

So check it, you got a problem with the times
Your problems sound a lot like mine
They tell you, "Crime, it doesn't pay"
But they'll make us pay to be victimized, oh oh oh

Ooh, Danny boy, we'll beat them
I know we won't live forever
But ooh, don't you want to live them down?

Ooh, Danny boy, we'll beat them
Give up and we're going nowhere
And ooh, don't you want to live them down?
Live them down, down and down
