The Gold Diggers Song (We're In the Money)
Ted Lewis

Were in the money, Were in the money;
Weve got a lot of what it takes to get along!
Were in the money, the skies are sunny;
Old man depression,you are through,
You done us wrong!
We never see a headline
bout a breadline, today,
And when we see the landlord,
We can look that guy right in the eye.
Were in the money, Come, on my honey,
Lets spend it, lend it, send it rolling along.
