Whooh!

[Spoken:]

Come on, kids!

Welcome back to the party night

Yeah, it's gonna be a good time

We're gonna have a lot of fun

Come on

Hey, everybody

We're gonna have some fun

We're having a magic party

And we thought you might like to come

Everybody there will make you happy

They'll show you all a real good time

And if you want to roll the whole night long

I'm sure nobody else would mind

Do anything that you want to do

You can't do no harm

If you find somebody that makes you happy

Just grab them by the arm

By the arm

By the arm

Yeah

Take you to the (Magic party)

Let me take you to the (Magic party)

Yes, yes, it's the (Magic party)

And we thought you might like to come

(Magic party)

Ooh

(Magic party)

Ooh

(Magic party)

We thought you might like to come

The reason why this party is magic

Is the reason why we really groove, yeah

Greatest party ever

Yeah, that's why we invited you

Taking it to that (Magic party)  
I'm taking you to the (Magic party)  
Ah, it's the greatest (Magic party)  
And we thought you might like to come  
To the (Magic party)  
Yes, we're going to the (Magic party)  
It's the greatest, it's the greatest (Magic party)  
And we thought you might like to come

Magic party  
Magic party  
Magic party  
And we thought you might like to come

Magic party  
Magic party  
Magic party  
And we thought you might like to come
