Here I come again now baby
Like a dog in heat
Tell it's me by the way now baby
I like to tap the streets

Now I've been smoking for so long
You know I'm here to stay
Got you in a stranglehold baby
You best get out of the way

Gonna cruise is a bitch now baby
You know you can't do me 'round
If your house gets in my way baby
You know I'll burn it down

You remember the night that you left me
You put me in my place
Got you in a stranglehold now baby
You better cross your way

Sometimes you wanna get higher
Sometimes you gotta start low

Some people think they gonna die someday
I got news you never got to go old

Come on come on up X4
Come on come on baby
Come on come on up
Come on come on baby
Come on come on

Gonna cruise is a bitch now baby
You know you can't do me 'round
If your house gets in my way baby
You know I'll burn it down

You remember the night that you left me
You put me in my place
Got you in a stranglehold now baby
You better cross your way
