Here I come again now baby  
like a dog in heat  
Tell it's me by the clamor now baby  
I like to tear up the street  
And I been smokin for so long  
ya know I'm here to stay  
Got you in a stranglehold baby  
you best get outta the way

The road I cruise is a bitch now baby  
no you cant turn me 'round  
And if a house gets in my way baby  
ya know I'm burnin' it down  
You ran the night that you left me  
you put me in my place  
I got you in a stranglehold baby  
I'm gonna crush your face

(instrumental)

Sometimes you wanna start higher  
and sometimes you gotta start low  
Some people think they gonna die someday  
I got news ya never got to go

c'mon c'mon up (4 times)

c'mon c'mon c'mon c'mon baby  
c'mon c'mon c'mon c'mon up  
c'mon c'mon c'mon c'mon baby  
c'mon c'mon c'mon

The road I cruise is a bitch now  
ya know ya can't turn me 'round  
And if a house gets in my way  
ya know I'm burnin' it down  
You ran the night that you left me  
you put me in my place  
I got you in a stranglehold baby  
I'm gonna crush your face
