Happy is the boy  
When he looks up above  
And he sees that her  
Window is open wide

Happy is the boy when  
She throws her carnation  
With an invitation  
To come inside

Just a boy and girl  
And a mandolino  
Just a little kiss  
As the vow is made

That's the way it is  
Down in Puerto Fino  
Just a little moonlight  
Little serenade

Just a little song  
He can win her heart with  
Telling of a love  
That will never fail

Many a romance  
Has been known to start with  
Just a little moonlight  
(Just a little moonlight)  
Little serenade  
(Little serenade)  
Just a little moonlight  
(Just a little moonlight)  
Little serenade  
(Little serenade)
