You got me day dreaming  
Kissing upon your beauty  
And a when you smile  
Believe it drives me wild  
So is it ok  
If I could talk to you for a while  
And a tell a you  
What's on my mind  
And what I say inside everytime you walk by

Honey baby girl  
You're so damn fine  
Sweets in devine  
Your my number one genuwine

I gotta let you know  
That the feelings that I have for you  
Are so wowowow ohhh wowoww ya  
Are so true girl, and just for you  
And now everyone knows in this world  
That I want you

Ohhhh wowowwo ohhhhh

My heart starts to beat  
Because the feeling that you give me  
Girl is so amazing  
And I grow your eyes  
I see it shine and I can see it sparking  
Under neath the stars or not

So baby please  
I want to be your lover  
Around the world oh baby girl  
I'll be your other  
Have to make you see  
What you really mean to me  
When I prove to you  
To everyone that you the girl of my dreams

But I gotta let you know

Take my hand and girl understand  
That I'm really willing to be your only man
