I wanna be closer, to you

[Yung Ro:]

What's up homie you know me, one of many with smile  
face  
Still complaining about this life, full of pain with a small  
plate  
But I understand your plan, and you the man  
And now that I'm hurt, I desperately need to hold your  
hand  
Cause over the years this pain, has made our  
relationship much stronger  
I'm patient and much stronger, but still facing this bad  
karma  
For real it's too real, you see these vibes I'm getting  
Mistreated by my own blood, you hear these lies I'm  
getting  
But these guys forgive em, me too cause I am sinning  
Trying to find peace in places, the devil disguised and  
hidden  
I'm drowning in my own sin, realizing my pain  
Losing faith losing love, all flushed down the drain  
What can I do to maintain, I tried my girl and family  
Find myself alone in tears, dear God how can it be  
Or can it be all for a reason, because we just need you  
Well if so then so it be, and let them see the message  
too

[Talking:]

Close, close I gotta get close  
You gotta keep a piece of mind, I know I do  
I ain't perfect

[Yung Ro:]

Dear God I'm scarred, I'm trying it's hard  
You right it's easy, I'm close it's far  
It's dark I'm cold, I'm wrong I know  
I'm trying I'm dying, I'm crying my soul  
Is searching for forgiveness, I'm trying to do better  
I can't sleep it's sic o'clock, and I'm writing you this  
letter

Show my people I love em, because they breaking my heart  
Show me a sign, should we work it out or just stay apart  
I just wanna play a part, in your righteous path  
I can't drive this car alone, because I might just crash

They say I take things too serious, I'm taking that serious  
And God to be serious, I think I am too serious  
But you made me who I am, and Yung Ro proud  
I don't know I don't know, what's beyond them clouds  
But I do know love, and I thought that through you  
But sometimes I give up, and I don't know what to do

[Talking:]

I was just thinking, relationships  
No desire, how close you is to that person  
Now I messed up, anyway

[Yung Ro:]

Dear God my baby's hurting, I don't know what to do  
So I sent a prayer out to her, guide her ship and help her through  
Help us make it through this pain, I wanna learn this lesson  
I felt the love was so real, but it just wasn't destined  
A lot of questions lot of guessing, as I start to look back  
We made a lot of mistakes, and ended up where we at  
But that's that, and truthfully I wish I could take it back  
Do something different try harder, anything but that  
But that plus that, made me realize that  
And when I saw it face to face, I had to swallow that fact  
I learned a lot from that what's that, that's nobody's bidness  
Just know I'm truthfully sorry, and ask for your forgiveness  
And God as my witness, I'm a very troubled man  
Thought I was right I wasn't, thought I did didn't understand  
But one thing I do know, if it was meant to be  
We'll get closer than maybe not, who knows we'll see

[Talking:]

Yeah close, I ain't gave up  
I ain't gon worry myself though  
Lastly, God I'm gon get closer bet that  
You are now with the world's greatest  
Yung Ro, Mr. Pain Mr. Nobody
