### "My Body's Hungry"

Visit "[My Body's Hungry](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I know you gotta go  
Just come on over here  
Let me get that last good-bye kiss

I'm gonna do all the things for you  
That a man wants a girl to do  
Come closer to me  
I'm gonna whisper in your ear  
Tell you all the things you longed to hear  
Forever, and ever

Visions of the love we make  
Go to my head when I feel your lips of flame  
Baby, Baby, OOOOOOO  
And even though love like ours is never free  
(It's never free)  
I'll pay the price for the ecstasy

[Chorus:]  
My body's hungry  
Hungry for your love  
For your love  
And I got a taste for  
Taste for only you  
Only you  
My body's hungry for your lovin baby  
And there's not a d\*\*n thing  
D\*\*n thing left to do  
Left to do

I'm gonna be right there for you, hey  
Though your other lover's clocking you  
(So right baby)  
It's all good baby, baby!  
I'm gonna take more than I can stand  
Though my eyes may cry, I'll understand  
That you can't free yourself from loving

Freedom, baby, baby (Set you free)  
More than you felt for a thousand days or more  
I wanna take your for a ride in my, 64

And even though you can't be with me all the time  
I'll pay the price cause your lips taste like wine

[Chorus]

Except for maybe

I'm gonna fly away  
I'm gonna fly away  
Why don't you run away with me?  
I'm gonna fly away  
I'm gonna fly away  
Do you ever feel like flying?  
I'm gonna fly away  
I'm gonna fly away  
Why don't you run away with me?

Sweet baby  
Cause MY body's hungry for your love

My body's hungry for your lovin baby, baby  
There's not a d\*\*n thing left for me to do  
My body's HUNGRY for your, your love  
There's only one thing  
One thing left to do  
Left to do

I'm gonna fly away, (Gotta fly away)  
Do you ever wanna fly away with me?  
(Come on baby)  
You know you don't wanna stay here  
Fly away to the sky (Come fly with me)  
Fly, fly away  
Fly away, (FLY) Please fly  
Fly, fly, fly away baby  
I've got to fly away  
[Fade]
