ENGLISH

"My phone? Why? Can't you trust me?"
This is not love, please leave me alone
This is not love, please leave me alone

Stop girl, leave me alone
I'm tired of it now, everything, even your crying sound
Stop girl, leave me alone
I'm sick of everything, this is not love

I'm suffocating because of you - I didn't even do
anything wrong
You say that being 1 hour away is too far and you keep
calling me
Whenever you can, you ask where I am and what I'm
doing, checkin' on me
With the excuse of love, you expect too much, you want
me

Having you watch over me 24/7 like a CCTV makes me suffocate
You check my texts, you video call me and if that's not enough, you ask for my password
What do you see me as? Do you not have a single ounce of trust?
Is this the love that you're talking about?
Oh girl, cut me loose a little bit, a love like this won't last long, it'll be cracked and break apart soon
It's really hard right now, it's hard because of you, obsession is not love
Don't get it twisted

Stop girl, leave me alone
I'm tired of it now, everything, even your crying sound
Stop girl, leave me alone
I'm sick of everything, this is not love

Your eyes that chase after my back drives me crazy
Your ringtone on my phone makes me feel suffocated
Every day, you squeeze my throat more and more (I'm getting tired)
I don't even want your touch anymore

I'm not a little kid, I'm 22 years old but you give me a curfew?
You do think that makes sense? You are not my nanny, you're my girlfriend ma baby
Girl stop giving me hard time
I have a lot of other things to take care of, I'm busy and I have a headache so please don't butt in, no
Take a step back then go

Stop girl, leave me alone
I'm tired of it now, everything, even your crying sound
Stop girl, leave me alone
I'm sick of everything, this is not love

Please stop now, I am suffocating every day because of you
It's so hard, it's so hard
Please stop now, I think I'll go crazy because of you
Girl I can't take it anymore

Stop girl, leave me alone
I'm tired of it now, everything, even your crying sound
Stop girl, leave me alone
I'm sick of everything, this is not love
